FOR: NOVEL NUCLEIC ACIDS AND POLYPEPTIDES

Commissioner for Patents
Box Missing Parts
Washington, D.C. 20231

**EVIDENCE OF DEPOSIT OF ITEMS WITH
APPLICATION INDICATED AS OMITTED**

In connection with the NOTICE TO FILE MISSING PARTS IN A NONPROVISIONAL APPLICATION, mailed from the U.S. Patent and Trademark Office on May 9, 2002, Applicants submit the following evidence that the items the Patent and Trademark Office said were omitted were, in fact, deposited with the USPTO on February 26, 2002, which is the original date that the papers and CD-ROMs for this application were deposited:

1. Photocopies of the Transmittal Letter and date-stamped return Postcard, showing that an application having 10966 pages was deposited with the USPTO on February 26, 2002, are provided herein as Exhibit A. The Transmittal Letter indicates that the Specification includes 2 CD-ROMs (one original and one backup) having Tables 2-4, 6, 8-22. The Postcard states that "(2) CD-Roms are included as part of the specification".
2. Printed copies of the first and last pages from each of the 19 electronic files contained on the CD-ROMs are provided herein at Exhibit B. When each of these files are viewed by computer using Microsoft Word 2000®, or when printed in hard copy format, the pagination is numbered contiguously with the paper copy of the specification.
3. The pages of the specification that reference these 19 electronic files are provided herein as Exhibit C. These pages were filed on February 26, 2002 in hard copy format. Their receipt is not disputed by the USPTO.
